DETAILED ACTION

Response to Arguments

1. This is in response to applicant communication filed 06/02/2004.
2. Applicant's arguments filed 06/02/2004 have been fully considered with the following results:

Response to Amendment

3. The applicant's arguments in regard with the rejection of the claims 1-2, and 10-14 under U.S.C. 112, first paragraph is persuasive. Therefore, this rejection is withdrawn, however applicant did not respond to the rejection of the claims 10-14 under 35 U.S.C. 112, second paragraph. Therefore, rejection of the claims 10-14 deemed to be proper.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 10-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. "loading the additional data into the line in the cache

as it is received without waiting for completion of the loading of the additional data into the line as it is received". It is unclear how the loading of additional data into the cache is happening while the same additional data is waiting for itself to be completed.

6. Claims 10-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite in that it fails to point out what is included or excluded by the claim language. This claim is an omnibus type claim. Claim 10 recite "loading the additional data into the line in the cache as it is received without waiting for completion of the loading of the additional data into the line as it is received". The first and second parts of the limitation are contradicting each other.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

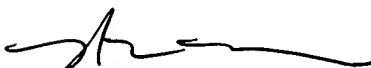

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
